For more info on CYS programs, call 791-6494

Morale, Welfare, and Recreation Update

- Basketball court improvement in housing

and 1626)

Public Works Update

- Adjust thermostats to 68 degrees
- Turn off lights / TVs
- Remember to turn your Christmas lights off at night
- Run full dishwashers / washers

Public Works

Issue from Last Town Hall Meeting

- **Can we lower the speed limit in housing (Gardenia Court)?**
  - **Speed limits are already set at 15 mph. We will place additional signs in the area to remind motorist.**

Discussion Topic Submitted in Advance

- **Can we plant more trees on post?**
  - **There are often opportunities for us to acquire seedlings for placement around post. We would also like to see more planted. During the past 18 months, we have planted seedlings on the old 9-hole golf course and also along Chamberlain Avenue. As the opportunity arises, we will continue to plant trees in locations that are open fields.**

Public Works

Discussion Topics Submitted in Advance

- **Can we put recycling dumpsters close to the PX or Commissary or near where the old gas station was located?**
  - **Satellite drop points may be convenient, but are normally abused. When garbage is placed in the containers, the recyclable commodity is unmarketable. In addition, these dumpsters are normally unsightly. As we work this program, we will look for more convenient locations.**
- **We have many hardwood trees that need pruning – this is unsightly and harmful to the trees. Can we fix this?**
  - **Priority is given to where it improves security, safety, and plant health. This is worked during the late fall and winter. The trees at the Woodworth Library will be checked immediately.**

Safety Update

- Trick-or-Treating (28 October, 1800-2000)
  - Parents should accompany children
  - Children should wear light colored / reflective costumes
  - Turn your porch lights on
- Holiday Travel
  - Allow plenty of time
  - Obey speed limits
  - Wear seat belts
- Home Safety
  - Exercise caution with space heaters
  - Check the condition of your tree lights
  - Keep live trees from drying out
  - Replace batteries in smoke detectors

Daylight saving time ends on 30 October!

Planning, Analysis, and Integration Update

- Interactive Customer Evaluation Program
- Schools
  - Re-zoning
  - On-post middle school
